## Chair's Message

Mark "Rafto" Raftogianis, CPL  
OC SOLE Chair

Well, this is my last Chair's Message. It has been a rewarding, interesting, sometimes frustrating, but never dull two years. I intend to continue to support the Chapter and be actively involved, but as I've said before, two years is enough and it's time to pass the torch to another. By now you should have received your ballots. Please vote! Even if there's only one person running for office, we still need your vote, as our bylaws require a minimum number of votes to validate the election.

I'd like to thank those who've worked hard during my tenure as Chair to help ensure the success of the Chapter. George Nunes, for going far beyond the call of duty; Laina Jones, for keeping things organized under control; Jim Turner, for keeping our finances in order; Floyd Horton, for maintaining our membership records and ensuring we don't forget to renew; Henry Roxas, for doing whatever is needed; Sania Smith, for dedicating many hours to training our future CPLs; Jennifer Mercado, for convincing me I could be a good Chapter Chair; Jim Coates, for setting up the website and helping me maintain it; Ron Taggart and Leland Boone, for being top-notch newsletter editors; and our many presenters who provided educational and entertaining presentations that broadened the horizons of our members. I know I've forgotten someone, apologies for that...

Don't forget to come to our September meeting, where we'll swear in the new Board of Directors and Dr. Judith Austin will brief us on her research on Vertical Carousels and Vertical Lifts. See you there!

# EAGLE / iLOG User Conference

## EAGLE / iLOG USER CONFERENCE

Raytheon Technical Services Company and Logistics Business Systems Ltd. are hosting the EAGLE / iLOG 2003 User's Conference. This premiere event is scheduled for the 19<sup>th</sup> through the 22<sup>nd</sup> of October 2003 at the Omni Tucson National Gold Resort and Spa.

The purpose of the conference is to present a forum where EAGLE / iLOG users can network with other customers, partners, and EAGLE / iLOG developers. The conference will provide direct access to senior management and application product developers, who will address various end-user topics through a series of technical sessions, presentations and hands-on demonstrations. Training sessions will address future development plans, introduce powerful new tools, and provide useful insights into the use of EAGLE / iLOG products - directly from the software developers.

Please take this opportunity to mark your calendar and save money by registering early for this year's EAGLE / iLOG User's Conference. This year we have chosen a fantastic Santa Catalina Mountains foothills site at the Omni Tucson National Golf Resort and Spa.
