Henry Roxas CPL
OC SOLE Chair

Due to technical difficulties in Oslo, Norway, beyond our control, we eagerly await October's Message from our new Chair, Mr. Henry Roxas, who is diligently serving and overcoming obstacles in Oslo, Norway.

Mr. Floyd Horton, CPL, will be presenting an informative presentation of multi-service charts from his AIA/Raytheon PBL symposium last September that he will provide Thursday, October 30th. Floyd will enable us to develop and meet Performance Based Logistics (PBL) requirements.

While coping with our present situation, these tools and techniques will enable us to forge our future.

Please remember to join Floyd this Thursday as he provides us with a further appreciation for Integrated Logistics Support (ILS), reliability and maintainability, life cycle cost, and spares requirements.

Floyd's PBL presentation will also enhance our appreciation of transportability, maintenance determinations, supply performance goals, and availability. Please join us as he shares his contributions to ILS.

Awaiting Henry's safe return and October's re-issue, Chair's Message included, thank you! - LHB, Editor, for **Henry Roxas - CPL OC SOLE Chair**
